

Think Outside Traditional Advertising
GO DIGITAL

WHY ADSEMBLE?

We have an **in-depth database** of every screen location, so you don't have to waste time finding them.

We are the first ever online marketplace that lets you **name your own price** for any digital outdoor advertising location.

We have identified the best types of ads to place in each environment, so you can target your demographic in the right way to **generate ROI**.

We do all the campaign coordination and ensure a successful delivery, so you can sit back and **relax!**

As Out of Home draws more advertising dollars, we think Digital Out of Home is going to be a big part of that.

TESTIMONIALS

With **Digital Billboards** we were able to target our fans and deliver millions of impressions. The Live Feed capabilities and game day countdowns definitely helped us see an increase in ticket sales, thanks to AdSemble!

-Niki, San Jose Earthquakes

The digital screens turned out to be the **perfect** way for us to promote our concerts. I heard several positive comments, most of which included how great our ads looked and sounded.

-Akeesha, LiveNation

We used the screens to **promote** our breakfast, lunch and late night menu to hungry drivers during different hours of the day. We also included a geo-targeted map of the closest restaurant and saw a spike in sales as a result.
